He said the coins were worth \$7.28.

## L.G. Chamber To View Local Business Problems

The Lemon Grove chamber of commerce will try to find means of coping with inroads made into local business by shopping centers and by neighboring towns.

The study will be part of the monthly meeting of the chamber board. It will be held Tuesday noon at El Morocco restaurant at Broadway and Kempf in Lemon Grove.

Chamber president Forrest Baxter said service club presidents have been invited to participate in the study. A report will be given to Alex Woods based on findings of a business development committee. The report will view some of the barriers to commerce in Lemon Grove, he indicated.

## Men's Club To Sponsor Cdo Namesake

The Lemon Grove Men's Club is sponsoring a namesake club—the Casa de Oro Men's Club.

Attorney Ronald Svalstad and Jim Van Dusen, BoA manager, both of Casa de Oro, were guests of the Lemon Grove Club Friday, said that better communications between communities can be established by clubs patterned after the pioneer Lemon Grove organization.

The Lemon Grove Club will work out the sponsorship details with Lemon Grove Men's Club President John Bridger. A joint program is being planned. At the same meeting, Dr. Frank Gigliotti revealed that he had been named to the Corrigedor-Bataan Memorial Commission. He will serve with Fleet Admiral Chester Nimitz and Marine Corps General H. M. (Howling Mad) Smith.

The club voted unanimously to support a program aimed at reducing juvenile delinquency in this area.

Program chairman Chuck Buckles said that Mrs. Sue Spisak, a local church and civic leader, will discuss a program of developing loyalty among local residents for shopping locally. The club meets every Friday noon at Michael's for a no-host luncheon. All men are welcome to attend.

## Relief Given Owners of Land State Wants

SAN DIEGO (CNA) — The Board of Supervisors Tuesday adopted an ordinance to allow any temporary use of land by special use permit if the land is determined by the county land surveyor and road commissioner or the district engineer of the State Division of Highways to be required in its entirety at some future date for a county highway or state highway.

The law will permit uses not involving any significant investment in buildings or structures. It is designed to give relief to property owners whose land is doomed by future roads that might not be placed into operation for many years.

The county will be able to control the development by the special use permit. Another aim is to prevent expensive development that will raise the price that the road agency will have to pay in future purchase or condemnation.

## Sheriff's Son Quits Police

Joseph O'Connor, 25, son of San Diego County Sheriff Joseph O'Connor, resigned from the San Diego Police Department because of health he said last week.

O'Connor had been a patrolman since graduation from the police academy last November. He had served five months of his one-year probationary period. Police Chief Wesley Sharp said O'Connor's resignation was effective Dec. 27. O'Connor, who lives at 897 Grossmont ave., El Cajon, was the second of the sheriff's sons to enter law enforcement. Another son, Michael, is resident sheriff's deputy at Fallbrook.

Chief Sharp said the resignation of O'Connor is an indication of the high rate of attrition that occurs during the training period of San Diego's police officers. He said that only one out of seven makes the grade. O'Connor said he intends to return to law enforcement work later.

## Tavern Reopens Dining Room

Estelle and Ted Fetters, owners of Horseshoe Tavern, 7644 Broadway, Lemon Grove, will reopen the tavern's dining room starting Monday, the couple said.

Luncheon and dinner service were stopped prior to the holidays but complete kitchen service will commence again. Merchants luncheons will be served except Saturday and Sunday. Dinners, featuring steak, chicken, shrimp and chops, will be served every day.

**PAY AS YOU GO** — Sheriff's Deputy Ted Kohl accepts a "check" for 5,000 man hours of effort on the part of Lemon Grove Kiwanis members as the Kiwanis marks its Golden Anniversary. The check is being presented by Kiwanis

President Paul Reynolds, right, while Anniversary Chairman Dr. Bob Swenson gets ready to cut the anniversary cake. Many of the 5,000 hours will be devoted to juvenile delinquency problems. Sheriff Kohl is the local juvenile officer. —Staff Photo

## KIWANIS CLUB COMMITS 5,000 MAN HOURS TO LEMON GROVE

"A check for 5,000 man hours of community service" was presented Wednesday to Max Goodwin, newspaper publisher, by the Lemon Grove Kiwanis Club. Goodwin, speaking on challenges and opportunities in the areas of encouraging patriotism and of helping to overcome juvenile delinquency, said that service clubs should not let government take away their initiative in those two fields.

Sheriff's Deputy Ted Kohl of the juvenile department, criminal division, also a speaker, said that weak laws and naive parents contribute to the youngsters becoming juvenile delinquents.

The "check" became a pledge of the Kiwanis club to participate in special projects during 1965, as the club's Golden Anniversary gift to its home town. Kiwanis President Paul Reynolds said that the Anniversary will see 265,000 members in 15 nations of the free world joining together to thank their host communities for the opportunity of serving in the past, and to pledge continued service in the future.

A review of the organization's background and goals was read by Program Chairman Dr. Robert Swenson. He is general chairman of the Golden Anniversary celebration activities.

The club, in addition to becoming more active in juvenile affairs and a program of patriotic endeavor, has participated in a score of local events in Lemon Grove. The annual kid's day parade, the pancake dinner, and the community wide apple sales are part of the continuing program designed for being able to better help in community projects.

The Club meets every Wednesday at Michael's.

### Reason for Non-unification

"PERVERT HIRING AIRED BY LA MESA SCHOOLS." Headline in San Diego Tribune Tuesday evening.

Among others, this is another reason why Lemon Grove doesn't want to unify with La Mesa district and others.

A better unification would be Lemon Grove and Spring Valley.

Let's hear it for this arrangement!

### Dances Here Are Nearly Riotous

One of the reserve officers of the Sheriff's department said Saturday night, "When are the people here going to decide they've had enough of this?"

He was referring to the near riot that developed in the area of the teenage dance hall at Broadway and Olive in Lemon Grove.

The Sheriff's Department said that more than 500 teenage males, many of them from Logan Heights, had gathered in the area of the dance hall. Bottles that had once contained vodka, wine and beer, were broken in scores of spots. A sheriff's vehicle was hit by flying glass. A reserve officer was hit by a rock. Several juveniles were arrested.

Dances are held at the hall every week-end and while the sheriff's department has a file on trouble calls it has made there, the operators of the dance have attempted to keep the young dancers under control. The fact that the operators have been less than successful is proven by the uprising last week.

We viewed the scene of the gathering Sunday morning after the dance. We counted more than 100 beer cans and 25 unbroken

### BULLETIN

The dance license of the Fayaton dance hall has been suspended by the sheriff's office it was learned late Wednesday.

Capt. J. A. Staples of the sheriff's business office said that no dances would be held at the Fayaton unless the proprietors successfully appealed the suspension.

bottles that had contained alcoholic beverages. We saw items which suggested other immoral acts had been conducted.

The fact that 30 reserve officers contributed their time is probably the only reason a true riot didn't erupt. In addition to the reserve men, there were five juvenile officers, the regular beat officers, and enough other officers to equal 26 hours of overtime work.

The predatory young males drawn by the dance had crowded nearby stores. Village Liquor was forced to close because so many underage rascals invaded the premises demanding alcoholic beverages. Mayfair Market's management had to set up special guards to keep the invasion under control.

While arrests were made of several juveniles, many more arrests would have been made if enough officers had been immediately available. Well beyond midnight traffic was being hampered by the milling youngsters.

The question asked by the reservists might well be asked

## Sex Offender Triggers Probe At L.M. School

A sex offender, working as a custodian in the La Mesa-Spring Valley school district, was reported to have made indecent proposals to four La Mesa Dale school girls.

The father of a fifth grade girl triggered a probe into the records of the 300 employees of the district when he charged that his daughter, and three of her classmates, had been subjected to indecent propositions by the district custodial worker.

The custodian who resigned, has a record as a sex offender, police said.

The man has been an employee of the district for two years. Supt. Glenn Murdock said that the employee apparently had not been checked for a criminal record as required by law. Law enforcement agencies check fingerprints on employment files routinely. The employee's employment card which verifies that fingerprint records had been made, was not in the file.

The board of trustees ordered all employees' cards to be re-checked to verify fingerprinting.

The employee has a record of arrest for lewd and lascivious conduct and indecent exposure from 1945 to 1950, according to police.

## FROST MISSES THIS AREA

A cold wave that threatened citrus in low areas of San Diego county did not reach Lemon Grove or Spring Valley. The low here was 39 degrees Monday night. In some areas it was below freezing.

Rainfall Sunday amounted to .32 of an inch bringing the season total to 3.76. Last year to date the total was 5.96.

## Dail Is Released From Grossmont

John Dail, a Lemon Grove insurance man of 3240 Olive st., Lemon Grove, who has been hospitalized since Dec. 13, has returned home from Grossmont.

He was stricken with pneumonia and was found in bed in a coma. The Lemon Grove Fire Department, of which he was once a call man, responded and supplied oxygen.

He was on the hospital's critical list for several weeks before recovering enough to come home.

Family members said that it was hopeful that he would return to his business office late in February.

Dail's brother, the former Mayor Charles Dail of San Diego, is at home, still recovering from aneurysm in his skull cavity.

## Republicans Back LM-SV Trustees

At the January meeting of the Spring Valley Republican Assembly a resolution was introduced by Mrs. Sybil Appleby and approved unanimously which gave unqualified support and commendation to the La Mesa-Spring Valley School District Board of Education for their courage and devoted efforts in seeking to represent the wishes and desires of the vast majority of the parents and taxpayers in the La Mesa-Spring Valley School District.

The resolution deplored the actions of a small minority who have "dedicated themselves to the doubtful distinction of embarrassing, harassing, booing heckling, threatening, and seeking various methods to intimidate members of the board of education."

The resolution further urged those disgruntled supporters of the former members of the board of education, voted out in a recent recall election to refrain from using abusive methods which are unbecoming of adults and parents in their efforts to destroy the effectiveness of a board of education which has been duly elected by a majority of those going to the polls in a recent recall election.

The charter for the Spring Valley Chapter of the California Republican assembly was presented by Mrs. Patricia Stelger, director of the California Republican Assembly for the 37th Congressional District to officers and members of the board of directors for the local chapter. Bob Laughlin, president of the local CRA Chapter, accepted a charter on behalf of the local membership.

## Ron Fuller Gets Supervisor Job

Fuller replaces Maurice Plumley who was the investigator for David W. Bird whom Boney defeated in the election Nov. 3. Fuller is a public relations man. He and his wife, Louise, live at 1009 Hunter st., San Diego. They have a ten-month-old girl.

The new assistant was graduated from Grossmont High School and has attended San Diego State College.

The official to the job is confidential investigator but Fuller said he will use the title executive assistant as does Bill Cravens, who works for Fifth District Supervisor Robert Cozens.

The position is not under civil service because of its nature. The pay range is from \$713 to \$866 per month.

## Firm Gives Transistor Radios Free Of Charge

Transistor radios are being given free of all obligations this week by McMahan's Furniture at Broadway and Love in Lemon Grove.

The firm is giving an 8-transistor pocket radio to any person who will try a color tv in his home for three days. The radio is given whether the person keeps the tv or not.

Leon Bolton, store manager, said there is no obligation for the tv either.

### Vet's Hospital Gets Presidential O.K. Van Deerlin Says

San Diego's 22,000,000 Veterans Hospital has moved from the talking stage toward actual construction with the publication Monday of President Johnson's budget. Congressman Lionel Van Deerlin (D-San Diego) said this week.

Van Deerlin pointed out that the budget includes \$1,000,000 for design of the new hospital, one of three for which design funds were budgeted. The others are in San Antonio, Texas, and Lexington, Ky. Also budgeted for the three hospitals for the first time was \$8,000 each for design of fallout shelters. The shelters are to cost \$245,000.

The growing likelihood that the high-rise San Diego hospital will be air-conditioned was also disclosed by Van Deerlin. Permanently closed windows would effectively reduce noise from airplanes in a flight pattern near the hospital, Van Deerlin explained. The hospital will be built on former Camp Matthews acreage. Air-conditioning would cost approximately \$75,000.

The Congressman said four San Diego area architects already have been in touch with the VA in connection with the design of the hospital. VA policy is to award architectural contracts to local firms wherever possible.

First moves toward securing for San Diego the 1,040-bed hospital, employing 1,600 persons, were made by Van Deerlin in 1963 shortly after taking office.

## Red Harris Buys CdO Hardware Store

A Lemon Grove man has purchased one of the oldest businesses in Casa de Oro, it was announced here this week. The sale price was not revealed, however.

F.M. (Red) Harris, a former resident of Richmond, Virginia, who now lives at 2503 Mulder st., Lemon Grove, purchased the 4800 square ft. store from Ralph McJunkins, one of the pioneers of the Casa de Oro business district.

McJunkins, with his wife, Eleanor, opened the hardware store 18 years ago when a "Mobil station was the only other business building in Casa de Oro.

program of expansion in our Harris spent four years with the San Diego Hardware Co., he said.

"We expect to continue the stock of hardware which we have already started," Harris said. We are distributors for Maytag appliances and are expanding into water heaters as well as other household appliances."

"We will continue to specialize in service on our appliances," he added.

The firm handles paints, electrical, and plumbing supplies, garden tools and household needs. Recently, glass was added.

The Harrises have two children.

The McJunkins said they would take a long rest but that they would continue to reside locally. "We have property here and this is where we want to live," he said.

## NEW ENTERPRISE HERE MAKES BETTER LAWNS

A new exclusive franchise service is offered by Aera-Spread, at 7951 North ave., Lemon Grove. Aera-Spread was formed by three local businessmen, Leo Cochran, Ken Gwin, and Grant Hadley to provide an economical service to homeowners desiring a lush, healthy lawn.

Aera-Spread has developed equipment suitable for aerating and fertilizing lawns in one operation. This method is so economical a homeowner will not want to do the backbreaking work himself.

According to Gwin, the bugaboo that prevents a healthy lawn is soil compaction and matting which prevent deep rooting of grass. Since the roots cannot go deep, they are puny and sus-

ceptible to heat, cold and do not survive well. With the Aera-Spread plugs of earth several inches deep are extracted, thus allowing the soil to expand and breathe. Water and fertilizer get into the soil instead of running off. Dramatic results usually appear in 10 days or so and a periodic application each 3 month insures a beautiful lawn Gwin said. It takes much less time to water a lawn after aerating and averages a savings of one third on the water bill.

Aera-Spread is setting up franchises to cover San Diego county and is interviewing suitable applicants. A nominal investment is required for each franchise-operator for his independent business.

CHANGES HANDS — Service Hardware, in Casa de Oro, changed hands when Red Harris, right, bought out the interests of Ralph McJunkins. The name of the firm has been changed to Red's Casa de Oro Hardware and Service Co. With Harris above, is Bill Tindall, left, service appliance manager.

## Cancer Confab Set By Group

"The Pathologist Looks at Cancer" is the subject of an address by William C. Herrick, St. M.D. at a meeting of the Helix Unit of the American Cancer Society, Thursday, at 7:30 p. m., in the Grossmont Hospital auditorium. Howard I. Neff, unit chairman, said the public is invited.

Neff said Herrick, a pathologist, is a graduate of Jefferson Medical College in Philadelphia. Herrick will discuss the services of the hospital tumor boards, the characteristics of skin cancer, and the work of the pathologist, he said.

The Helix Unit's 1964-65 calendar, according to Neff, includes four public meetings, an educational program in the schools and provision for cancer health services.

Mrs. Lenore Vandersyde, educational chairman, said 110-115 students in each of six La Mesa-Spring Valley elementary schools have completed a "Smoking-Cancer Educational Unit." Schools are Brier Patch, Casa de Oro, La Mesa Dale, Murray Manor, Northmont and Rolando. She said La Mesa Elementary School is next on the schedule. With about 3 minutes left in the game, El Capitan forged in front with a 42-40 lead. The tide then turned to the Monarchs. A goal tending call gave them a 42-42 tie. Then regulation time ran out. After installing the full court press the Monarchs pulled in front to stay. Dan Robertson had 16 points, and Steve Womack had 11 for the Monarchs.
